

# EV100IMP

## IMPOSITION PROOFING

### **DESCRIPTION**

Validation® EV100IMP is a 2 side coated, 100 gsm matte paper for imposition proofing applications. EV100IMP is a premium paper that is balanced and lays flat for optimum performance in 2 side printing devices for graphic art and prepress applications. EV100IMP offers high opacity, bright white appearance, and optimal color gamut. Full-color images print crisp and clean, even with ink saturation levels up to 200%.

### **PHYSICAL CHARACTERISTICS**

Caliper	4.5 mil
